CAREER OBJECTIVE

Results-driven B.E. student specializing in Artificial Intelligence and Machine Learning, with a strong foundation in C, Python, and software development. Seeking an entry-level opportunity to apply my technical skills, develop innovative solutions, and contribute to organizational growth while continuously expanding my expertise.

EDUCATION

B.E. in AIML, Visvesvaraya Technological University September 2023 - July 2027
CGPA: 8.4 / 10 | Srinivas Institute of Technology, Mangalore

12th (DPUC), Department of Pre-University Education 2022
Percentage: 64.33% | Moulana Azad Independent P.U College, Bidar

10th (KSEEB), Karnataka Secondary Education Examination Board 2020
Percentage: 79.04% | Government High School Hokarna, Hokarna

SKILLS

Programming Languages: C, Python
Web Technologies: HTML, CSS
Databases: MySQL, MongoDB. PostgreSQL
Tools and Platforms: Git, Git Hub, Visual Studio Code, Google Colab, Jupyter Notebook, Antigravity, Docker
Soft Skills: Communication, Teamwork, Problem Solving, Time Management. Adaptability

INTERNSHIP EXPERIENCE

SQL and Database Management Systems Virtual Internship - EduSkills (AICTE) August 2026 - October 2026
- Completed an 8-week virtual internship in SQL and database management systems, including a hands-on database project.

Java Full Stack Developer Virtual Internship - EduSkills (AICTE) July 2025 - September 2025
- Completed a 10-week virtual internship in Java full stack development covering front-end and back-end application development.

AI-ML Virtual Internship – Google for Developers July 2024 - September 2024
- Built ML classification and prediction models using Python, Pandas, NumPy and Scikit-learn, improving accuracy and processing time.

Robotic Fundamentals-AI and IoT Integrated – Eduskills
- Integrated AI algorithms with IoT hardware and microcontrollers for real-time robotic sensor processing and edge automation.

ACADEMIC PROJECTS

CampusConnect - Smart Campus Service Request Platform | GitHub October 2026
- Cross-platform app (React Native, Expo) with Node.js/Express API and PostgreSQL, role-based workflows for students, staff and admins, implemented **role-based workflows for students, staff, and administrators**, including request assignment, status tracking, and centralized service management.

Boat and Ship Detection in Coastal Areas Using Ground-Level Images August 2025 - January 2026
- Developed a **YOLO/CNN-based computer vision system** to automatically detect boats and ships from satellite and camera images, Implemented **real-time object detection with bounding boxes and confidence scores**, enabling efficient identification and analysis of vessels in coastal areas.

Mental Health Chatbot | GitHub November 2025 - December 2025
- Built an **AI-powered mental health chatbot using Python, NLP, and TensorFlow** to provide interactive conversational support and improve user engagement, Integrated **games and meditation features** to provide interactive well-being activities and enhance the overall user experience.

AI Trip Planner | GitHub
- Developed an **AI-based travel planning application** that generates personalized trip itineraries based on user preferences and requirements, Automated **itinerary generation and travel recommendations** to simplify trip planning and provide customized travel experiences.

Real-Time Chat Application | GitHub
- Developed a **full-stack real-time chat application** using React, Node.js, MongoDB, and Socket.io with support for live communication and online-status tracking, Implemented **JWT authentication and Docker containerization** to provide secure user access and simplify application deployment.

CERTIFICATIONS

- Cloud Computing - AWS Academy (2026)
- Data Science & Analytics - HP Life (2025)
- Java Full Stack Development – Eduskills (2026)
- AI/ML for Geodata Analytics - ISRO, IIRS Dehradun (2026)
- DevOps Fundamentals - IBM Developer Skills Network (2026)

ACHIEVEMENTS

- Participated in National-Level Coding Competition C++ Mastery Challenge (2024) and Scored 93%.
- **AWS Academy Graduate – Data Engineering** | AWS Academy (Issued Feb 2026) – Credly Verification
- Information Technology Specialist (Certiport) - Data Analytics (Score: 929), JavaScript (Score: 860) (2025)

EXTRACURRICULAR ACTIVITIES

- Participated in **Srinathon 2.0 Hackathon (2025)**, gaining hands-on experience in problem-solving and teamwork.
- Successfully Completed **React Bootcamp** organized by **Let's Upgrade.**

Languages: English (Fluent), Kannada (Basic), Marathi (Native), Hindi (Conversational)
Interests: AI Innovation, Reading, Chess, Cricket
